## What is SMART ?

SMART is a comprehensive Campus Management System for educational institutions. It Is a Cloud Based application, that provides an enhanced online academic experience, and takes care of all backend administrative functions of an institution.

SMART is a powerful online community that brings the management, parents, teachers, and students on one common interactive platform. Its flexibility and ease of access enables your institution to choose, customize, and deploy the modules based on your unique requirements.

## SMART Modules

- |  |  |   |  |
|--|--|---|--|
| <input checked="" type="checkbox"/> Administration     | <input checked="" type="checkbox"/> Employee Management    | <input checked="" type="checkbox"/> ID Card Generator     | <input checked="" type="checkbox"/> SMS & E-mail alerts      |
| <input checked="" type="checkbox"/> Admissions         | <input checked="" type="checkbox"/> with Payroll           | <input checked="" type="checkbox"/> Financial Management  | <input checked="" type="checkbox"/> News & Events Management |
